The overall learning atomosphere is good and can be improved.

All things are good related with the teaching process and other activities

Syllabus is too long to cover

Best

Nothing

Teacher are trying their best to give us the knowledge that we are eager to get On my opinion i am satisfy with what i learned.....

Everything its good

From my opinion I was very helpful on how the teacher guide and teach and also I was satisfy.

It was a good experience

Overall performance is good. There are some limitations which are unavoidable due to the pandemic activities.

A revision of the Syllabus is a must! There are no basics to learn for different fields of

economics in Under Graduate. The best example is Econometrics, behavioral economics, managerial economics etc.

The course contents are too lengthy for the time given to cover the course

Better good and fair

Can't say

Needed improvement

So far so good

This college has giving me the opputunity with great facilities to grow as a learner.

Good

The college is beneficial for both teachers and students except it doesn't have proper hygiene system

There should be more Communication between Teachers the students and the Staff and non staff of the Institution.

Sometimes the teaching standard is not good, but mostly is okay

Nothing more to say

Excellent well-rounded college with great academics and extracurricular activities.

Regarding all these informations mentioned above, some of them are really good but some of them needs to be improves

Excellent

Not so Good

From teachers side, they teach love and effort
